

## RESPONSIBLE CARE

Version for distributors

### CHIEF EXECUTIVE'S COMMITMENT

The member companies commit themselves to managing their actions, in handling, movement and storage of chemicals and chemical products such that they present an acceptably high level of protection for health and safety of employees, customers, the public and the environment.

The company is committed to:

- conform with all relevant regulations and requirements and operate in accordance with both government and industry codes of practice and guidance appropriate with their chemical activities.
- ensure that their activities do not present an unacceptable level of risk to employees, contractors, customers, the public or the environment.
- have written documentation which covers their activities and ensures that their health, safety and environmental policies reflect their commitment to Responsible Care as an integral part of their business strategy.
- provide relevant health, safety and environmental information on company products and activities to employees, contractors, customers, statutory bodies and the public.
- ensure that all employees are aware of their commitment and provide the training necessary to enable them to be involved in the achievement of health, safety and environmental objectives.
- establish and maintain appropriate emergency response system.
- support and participate in those activities which will improve the quality of their own operations and strengthen health, safety and environmental consciousness and awareness.
- maintain an awareness of and respond to local community concerns which relate to their activities.
